

**REMARKS**

In response to the non-final Official Action of June 9, 2008, applicant submits herewith a Supplemental Amendment in furtherance of the Amendment submitted to the USPTO on September 9, 2008. The application has been amended to add new claim 43.

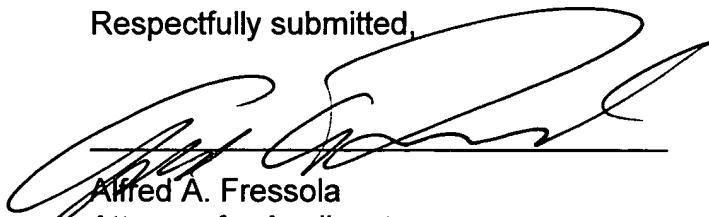

New independent host unit claim 43 corresponds to independent host unit claim 39, but is written using means plus function terminology. No new matter has been added.

Since independent claim 39 is believed to be distinguished over the cited art, it is respectfully submitted that new claim 43 which corresponds to claim 39 is also believed to be distinguished over the cited art for the same reasons as those presented in applicant's previous Amendment submitted on September 9, 2008.

In view of the foregoing, it is respectfully submitted that the present application as amended is in condition for allowance and such action is earnestly solicited.

The undersigned respectfully submits that no fee is due for filing this Supplemental Amendment. The Commissioner is hereby authorized to charge to deposit account 23-0442 any fee deficiency required to submit this paper.

Respectfully submitted,

Alfred A. Fressola
